

THE MAGIC OF METAMORPHOSIS: BUTTERFLIES OF NH

presented by
Rick Van de Poll

Come learn about the fascinating lives of butterflies from egg to larva to pupa and adult. Discover how these incredible pollinators sequence through the seasons in search of their favorite nectaries. Find out which ones overwinter as adults and which ones travel thousands of miles to avoid the cold of winter. Warm up to the brilliance of our less-than-a-gram friends who provide a colorful backdrop to our floral world. This slide-studded talk is suitable for all ages!
