

A Photo Journey Through the Fundy Isles

Seacoast Chapter Executive Board member [Kyle Wilmarth](#) will be taking you on a photo journey through the Fundy Isles of New Brunswick.

Starting with a small tour of Deer Island, NB, the smallest inhabited island among the Fundy Isles, we will get on the water and cruise to Whitehorse Island, one of the most southern colonies of nesting Black-legged Kittiwakes. This beautiful area is rich with birds and other wildlife and also home to the largest tidal whirlpool in the world, "the Old Sow."

Thursday, June 6, 2019 @ 7:00 p.m.
